

Stantec

Botanical Notes

ISSN 1541-8626

An irregularly published newsletter dedicated to dispersing taxonomic and ecological information useful for plant identification and conservation primarily in New England

Available online at [*http://www.scribd.com/StantecInc*](http://www.scribd.com/StantecInc)

Number 13 Addendum. 14 September 2010

30 Park Drive, Topsham, ME 04086

This is an addendum to Botanical Notes 13. An earlier version of the manuscript was unintentionally distributed resulting in three invalidly published new combinations—*Linum medium* ssp. *texanum* (missing place, page, and date of publication), *Phragmites americanus* (page of publication incorrectly formatted, date of publication missing), and *Polygala cruciata* ssp. *aquilonia* (missing place, page, and date of publication). This addendum seeks to validly publish these names.

***Linum medium* (Planch.) Britt. subsp. *texanum*
(Planch.) A. Haines, comb. et stat. nov.**

Basionym: *Linum virginianum* L. var. *texanum* Planch.;
The London Journal of Botany 7: 480. 1848.

Holotype: United States. Texas, Austin County, San
Felipe, Drummond Third Coll. 38 (K).

Synonyms: *Cathartolinum medium* (Planch.) Small var.
texanum (Planch.) Moldenke; *Linum medium*
(Planch.) Britt. var. *texanum* (Planch.) Fern.; *Linum*
striatum Walt. var. *texanum* (Planch.) Boivin

***Polygala cruciata* L. subsp. *aquilonia* (Fern. &
Schub.) A. Haines, comb. et stat. nov.**

Basionym: *Polygala cruciata* L. var. *aquilonia* Fern. &
Schub.; Rhodora 50: 163. 1948.

Holotype: United States. Connecticut, Fairfield County,
inner edge of salt-meadows, 30 Aug 1896, Eames s.n.
(GH!).

***Phragmites americanus* (Saltonstall, P.M. Peterson, &
Soreng) A. Haines, comb. et stat. nov.**

Basionym: *Phragmites australis* (Cav.) Trin. ex Steud.
subsp. *americanus* Saltonstall, P.M. Peterson, &
Soreng; Sida 21: 690. 2004

Holotype: United States. Montana, Fergus County, near
the mouth of Dog Creek, 12 Sep 1883, Scribner 378
(US; image seen!).
